1000+ Hours of Collective Wisdom

These are the experts guiding you through every step of the homeowning process — learn more about them.

Jennifer Wayne and Brad Rempel

If you're a country music fan, then you might know Brad from High Valley, and you might know Jen from the female power trio Runaway June! The talented pair are in country music, but they also have a huge passion for real estate and have both had their fair share of fixer uppers and flips.

Chris and Calvin Lamont

Chris and Calvin Lamont are the dynamic duo behind the hit HGTV show "Buy It or Build It." With their infectious energy and passion for the industry, the brothers have helped countless clients find their dream homes and are sure to leave a lasting impact on the world of home buying!

Kelsey MacDermaid and Becky Wright

With over 2 million subscribers on YouTube and 10 years of experience under their tool belts, Becky Wright and Kelsey MacDermaid, or "The Sorry Girls", own a full-scale digital media brand focusing on DIY, sustainability, and interior design.

Ashley Basnight

From woodworking to interior design, Ashley is a fearless and passionate DIY-er who focuses on providing practical tips for a more functional and creative home. With her advice, you'll learn to showcase your personality through inventive and bold DIY techniques!

Clint Robertson and Luke Caldwell

As hosts of a popular TV show, Clint Robertson and Luke Caldwell are among the most recognized home improvement experts in the country. Living and working in Boise, Idaho, they're passionate about designing and building beautiful spaces.

More than just heating and cooling

Although American Standard Heating and Air Conditioning focuses on HVAC systems, we're more than just our specialty. We're committed to helping you with all aspects of homeowning, and we hold ourselves to a higher standard while doing it. Whether you're looking for interior design tips, repair tutorials, or anything in between, enjoy our resources — and don't forget, when it comes to HVAC, there's no better source than American Standard.
